# ThinkPad Setup Security

Virtualization

Item Specific

Intel (R) Virtualization Technology

Intel (R) UT-d Feature

[Enabled] [Disabled] When enabled, a V can utilize the additional hardwar capabilities provibly Intel(R) Virtualization technology.

F1 Help 11 Select Item +/- Change Values F9 Setup Defaults
Esc Exit + Select Menu Enter Select Sub-Menu F10 Save and Exit

## 安裝virtualbox

### Ubuntu虚拟机

- 1、新建ubuntu64位虚拟机,关联已有虚拟硬盘。
- 2、在virtualbox的安装目录下,打开cmd命令行窗口,执行如下命令:
- VBoxManage internalcommands sethduuid "F:\xxx...\xxx.vdi"
